Personality Analysis

At the time of your birth, Gemini Ascendant (Lagna) was on the ascent on the eastern horizon with Scorpio Navamsa and Gemini Dreskana in the fourth Pad of Mrigasira. This clearly denotes that you are an individual who is convinced that variety is the spice of life.

And what variety! You will go in for variety in almost everything you undertake. Having an upright, lean figure, with attractive eyes, you will prove a hit with members of the opposite sex. This may result in your having many number of affairs which, if the spouse protests, may lead to taking the drastic step of even walking out of the house. You just can't stand an overbearing, nagging partner.

Variety in jobs too! Jumping from one profession to another is almost a routine. Taking up two assignments simultaneously is also not ruled out. The result is inability to concentrate on any one particular job at a time.

Your periodic for into various fields will no doubt bring in some income, but it won't last long because of your habit of indulging in lavish expenditure. You like to entertain your bosses, businessmen and contacts to sumptuous parties in your house. This, added to carefree spending, will leave hardly any asset to fall back upon. So, the possibility of a lifelong struggle to make both ends meet is not improbable.

The lesson to learn from this is that you have got to develop the quality of determination to see through any assignment on hand, instead of staying into other areas again and again.

You no doubt strike a lot of friendship but hardly any of them will prove lasting. This is due to the fact that it is difficult for your friends to understand you and your motives on the one hand, and your habit of changing friends. The result is you won't be left with many persons on whom you can rely on in times of need.

Since your health won't be too perfect, preventive measures had better be taken well in advance. Your jumpy nature makes you restless, causing a lot of strain on your mind. So you will have to learn to banish worries from your mind and try to take it easy with plenty of rest and sleep.

You will have to be careful about diseases like kidney trouble, bodily itches, influenza and bronchitis. As prevention is certainly better than cure, care in food habits and regular medical check-ups will help.

The lucky days for you are Wednesday and Friday, Saturday is average. The other four days are not too favourable as they will prove expensive.

The numbers you can rely on are 7 and 3, while those on which you can't depend upon are 4 and 8.

Take to colours other than red and black, preferably yellow, blue, pink and green.
