Physique, Health & Nature

Born under the Scorpio sign, you will be blessed with an impressive personality comprising a well knit, muscular body tending to stoutness, long arms and short, curly hair. The overall picture you present is that of a self-assured individual who brooks no nonsense from any quarter.

Since Scorpio denotes generative organs, you will have to be particularly careful, especially from the middle age.

You have two sides to your nature. You don't believe in cutting into others path unnecessarily, as you are primarily interested only in your own affairs. But if others try to get funny with you, then you will make them repent their actions by stinging like a scorpion. You are quick, shrewd and a keen individual. You have a penetrative mind and incisive judgement regarding men and matters. What can serve you best in your pursuits is your strong, forceful mind which has the ability to take its own decisions without having to rely on others guidance. You have very strong likes and dislikes. If you favour anything you will back it to the very last. But if you are averse to something, then you will spare no effort to demolish it. You will be a very good friend to a true friend, but a dreadful adversary to a foe. Since you lay great stress on enjoying sex, your image may be sullied.

You are prone to disease like insomnia and somnambulism. So take due precautions.

Rahu, stationed in the first house, casts a very benevolent eye on you. Its presence adds extra power to your personality, enhancing your stature. Assured of long life, you project an authoritative image which will contribute to further boost to your already bright prospects. Enjoying sound health, you will be able to savour the huge assets you will acquire.

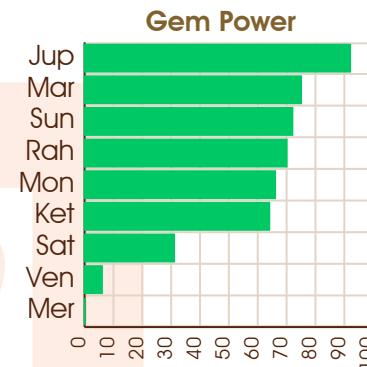

The planetary position will also make an impact on your nature. It will attempt to lead you away from your craze for sex and sow seeds of interest in your mind about religion and philosophy. Even in that you will be lucky as you will secure favours from religious and educational institutions.

According to Hindu Mythology tears of Shiva fell on earth in the form of Rudraksha tree. The Rudraksha tree belongs to Elaeocarpaceae family and is as huge as the Banyan tree which has seed covered with pulp and outer skin. After drying the skin turns black and grooves appear on the surface running from apex to the bottom, there by demarcating clear areas called 'Mukha or faces'. The Rudraksha are classified on the basis of number of faces, which can range from one to twenty one.

Sometimes Rudraksha are found in twins which are considered to be symbols of Lord Shiva and Parvati (Goddess). They are known as Gauri Shankar Rudrakshas.
