Also the period between fifteenth March and fourteenth April and when Moon is in the Sagittarius sign will be malefic. So it is advisable not to start new and important work on the name of this child during this period. He should be given extra care and protection at this time.

Even when he grows up he might have to face mental tension due to failure in business or demotion in service or some other personal problem. To avoid this he should worship his favourite God kuber and keep fast on Saturday. He should donate gold, blue sapphire, iron, five metals, til oil, leather sandal, kambal etc and get recited mantras for saturn for about nineteen thousand times by a learned pandit. This will minimize the adverse effect of the planet and will provide him with mental peace and success in ventures.
