Physique, Health & Nature

Born as a Capricornian, your main physical features are a big head and a broad face on which can be seen large teeth in a wide mouth. Tall and slender, you will sport stiff hair on your eyebrows and chest. Maybe it is because of your height that you may tend to stoop in your old age. If you take a close look at your knee you are likely to find either a scar or a mole. You will have starting trouble in gaining height. Of short stature during young age, you will suddenly grow tall.

Your health will be pretty good, but you may impair it by being gloomy, dejected and worried. These depressing moods may affect your digestion and cause flatulence later.

Methodical and hard working, you don't hope for miracles. You are aware the path to prosperity is strewn with boulders, hence you go about your job in real earnest, planning properly and executing it with dedication. Possessing very good organising capacity, you have the ability to adopt a scientific approach to issues, which is why you are ideally suited to hold managerial posts. Making use of every opportunity that comes your way, you will rise slowly but steadily. On the one hand you are sympathetic, generous and philosophical, while on the other you are cunning and determined to achieve your goals whatever the hurdles. It is this dual posture that may cause you problems in the domestic sphere too. Seeking an ideal and perfect home, you will get upset when it is not up to your expectations. Then you will have tiffs with your partner which will rock the family boat. Hence it would be in your interest not to push matters to an extreme at home, but adopt a reconciliatory approach to ensure a harmonious family life.

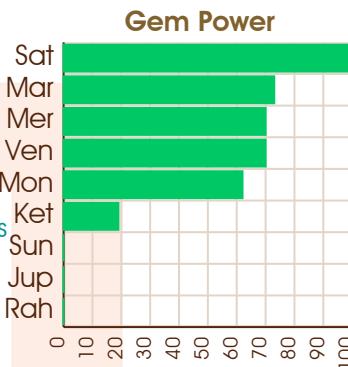

From Saturn, stationed in the first house, comes cheering news for you. A long, healthy life is assured to you with material benefits like wealth and high ranking administrative positions thrown in. With such an excellent backdrop in your favour, you will go about your job with ease, displaying a sober temperament. But then, for no earthly reason, you will start showing signs of irritability on account of some petty domestic matter. You will also get mentally disturbed whenever the fruits of actions initiated by you at your place of work are not satisfactory. Actually there is no need for you take small things too seriously, as they will sort out by themselves out in course of time. Cultivate the habit of total relaxation which will enable you to enjoy life even better.

Scientifically, Gems are capable of collecting the cosmic rays of the planet concerned and pass on to one's body to enhance the effect of that planet.
