## Physique, Health & Nature

Born under the Libra sign, you will have a well-formed body, which will be slender in youth but as age advances it may become stout. Tall, your smooth silky hair enhances your good looks. Many Liberians have dimpled cheeks, providing an extra edge to their captivating smile. A youthful appearance proves to be a hit with the opposite sex.

A person having a good physical structure does not necessarily mean he/she will enjoy robust health all the time.

It is love making that has the pride of place in your nature. Whether at work, at home or parties, the foremost thought in your mind all the time is sex. You are a passionate lover, operating simultaneously on two fronts - the domestic sphere and other pastures. Yet, you will manage to have a balanced homely life.

Courteous and hospitable, you always want to catch the eye of people particularly those of the other sex. That is why you display charming manners, laughing and smiling. Fond of beauty in all things, you would want to dress well, use perfume and decorate your abode with modern furniture. You attach much importance to a neat home as you desire inviting friends for parties. For you, life won't be interesting without friends. To make sure that your desire is fulfilled, you will have to learn to control your temper. Otherwise, you will stand to lose the association of influential and large-hearted people. This would amount to a near disaster, because it is only through such people that you can hope to amass a fortune.

Liberians are tend to have infections disease so they must be extra-careful. They must avoid over-indulgence in sex.

Rahu's presence in the first house no doubt assures you of long life, but then it will be a life marked by plenty of bad and evil thoughts. Your mind will work overtime, scheming and plotting all the time, for securing more and more personal benefits and unbounded pleasure. It is because of such selfish motives that you may even go to the extent of abandoning your spouse and finding a replacement. There is one other pitfall about which you will have to be on the look-out. And that is the possibility of facing danger from reptiles. So tread cautiously.
