Introduction to Loshu Grid

Loshu chart is an important part of Chinese numerology. It is based on the miraculous Lakshmi Yantra. Through this method, we understand the complete personality of a person with great simplicity and quickness only by knowing his date of birth. Through this method, we can also suggest ways to remove the harmful effect of missing digits in the chart of that person. The rows, columns and group of numbers present or absent in the chart are helpful in telling the personality of the person in detail.

Number 1 – 3 Times

Number one is present three times in your Loshu chart. You either talk too much, or sometimes like to calm down and introspect. The truth is that you actually have both characteristics. But the performance of your personality depends on the situation. You usually have a mixed relationship with everyone. There is neither more friendship towards anyone nor sense of enmity. You keep your partner happy with your eloquence and behavior. To maintain balance in married life, you take care of every need of your wife. You achieve a new place in the field on the strength of superior intelligence. There is no doubt that you can go to any extent for your benefit. You are constantly engaged in your work and try to brighten your name

with new changes and inventions. You think many times before doing everything. You are always trying to innovate in your work. You can benefit from both job and occupation.
