Profession, Father, Status & Power

The general pattern indicated for those born when the Scorpio sign was rising in the tenth house is that they can make a success of any job they undertake, because they are clear-headed and tackle issues calmly and efficiently.

To ensure that this materialises, one had better select one's profession after a thorough study. The occupations from which the native would do well to choose include becoming a scientist, executive officer in government or the private sector, financial or education adviser, lecturer, advocate and astrologer. If you decide not to opt for a job but go into business, then the ideal thing for you to do is to take to the export trade.

Whether in service or in business, you can expect financial support from the government. So don't yield to the temptation of pursuing politics, though you can take an interest in it.

A good trait in you is that you will always be obedient to your father who is a person of admirable qualities. Independent spirited, he is not one to play second fiddle to anyone. He will lead a decent life since he is lucky in most respects. In financial matters too he is fortunate and will earn a substantial amount, part of which he will earmark for you. But he may be up against a problem regarding health. It is better he doesn't become tense, lest he suffer from brain affliction or insomnia.

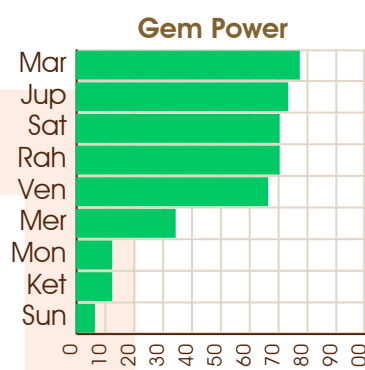

Troublesome beginning but good ending. This is the prospect Jupiter, posted in Scorpio in the tenth house, holds out for you. After roughing it out in your young age, you will, by hard and sincere work, make a success of your job to lead a happy and contented life as years go by. For you, it would be best to take up service instead of business. Seeing your rapid rise, your enemies will try to create complications, but you will crush the opposition. If you find yourself involved in a controversy with the government, you don't have to despair, as you will emerge the victor in any litigation or law suit.
